

SHERATON ANKARA

In addition to our first-class staff, our top-notch audiovisual and technical amenities cater to all event needs and ensure that all events are memorable and professional.

Sound Systems: These systems come in varying sizes and are designed to meet the needs of meetings hosting between ten and 1,500 people.

Sound Systems for Live and Recorded Music: Ideal for performances given by two to eight musicians for an audience of 300 to 1,500, our state-of-the-art equipment includes everything from a wireless microphone to a sub-bass and mixer.

Lighting Systems: Our comprehensive lighting can be tailored to events ranging from fashion shows and multi-faceted seminars to elaborate theater performances.

Recording and closed circuit broadcasting systems comprise:

- Sound Recording
- Video Recording
- Live Broadcasting
- Close Circuit Broadcasting

Other meeting and event amenities include:

- Projection System & Video Wall
- Back Projection System
- Smart Board
- Truss Hoist System
- Intercom System
- DVD, VCD, VHS, MP Player, and Cassette Deck
